Cancellation of the ISTS 2020

Dear Sir/Madame,

We regret to inform you that we have decided to cancel the ISTS2020 (International Seminar on Technology for Sustainability 2020) at National United University in Taiwan scheduled from September 7 to September 11, 2020.

In light of various concerns related to COVID-19 pandemic in the world to give the highest priority to the safety and health of students and staff involved, it was inevitable to make the decision to cancel this large-scale international event. We would appreciate your kind understanding.

We wish that the COVID-19 outbreak will come to an end soon and that we can meet each other face to face again in the near future.

Sincerely yours,

Dr. Kobayashi Yukinori
Executive Director
National Institute of Technology (KOSEN)
