**Cancellation of the JSTS 2020**

Dear Sir or Madam,

We regret to inform you that we decided to cancel the JSTS 2020 (Japan Seminar on Technology for Sustainability 2020), due to the COVID-19 pandemic situation all over the world.

We had prepared to announce for calling participants of the JSTS 2020, however, in considering the safety of the life of students and staff concerned against the COVID-19, the cancellation of the JSTS 2020 would be the best solution for all of us.

Regarding the ISTS2020, our staff concerned will contact you closely and will find a solution for the ISTS2020 as well.

Although it is very tough situation, we wish you working together for our better sustainable future to find out the solution of the infection like COVID-19 by Science and Technology on Engineering.

We pray that the end of the COVID-19 pandemic will come soon and we can meet again in the near future.

Please don't hesitate to contact the ISTS and JSTS steering committee from National Institute of Technology (KOSEN), Fukushima College, Japan, if you have any inquiries.

Sincerely yours,
